

WEDNESDAY- DECEMBER 6th
ISO REQUIRED HYDRANT FLOW TESTS

The Water Department will be performing Insurance required fire flow tests on Wednesday December 6th starting at 9 AM throughout town. You may experience discolored water or a brief loss of pressure due to these tests. Please prepare to have a small backup water supply in case discolored water takes place. Also we recommend you check water quality prior to use on laundry and call the Water Department should you experience discolored water

The hydrant test sites are as follows

Cudworth Rd at Goya Dr, Sutton Rd at Cudworth Rd, Park St at Maple St, Lake Parkway at Poland St, Main St at Davis St, East Main St at Cody St, North Main St at Market St, Thompson Rd at Englewood St, Thompson Rd at Oaktree Ln, Gore Rd at Killdeer Island Rd, School ST at Overlook Ave Ash St at Richard Ave, Thompson Rd at Point Pleasant Ave N, Konkell Ave at Parnelli Way.
