

## **Update on Sutton Road bridge project road closure**

**Sutton Road from Kingsbury Road to Mine Brook will remain closed for a couple more weeks to allow the construction company to complete the top side work on this project.**

**We anticipate the road will be open by the end of November.**

**Thank you for your patience.**

### **Sutton Road over Sucker Brook Bridge Repair**

The town received funding from the Mass Small Bridge Program to repair the bridge on Sutton Road that crosses over Sucker Brook. The bridge repair work will include removal and replacement of existing bridge railings, approach guardrails and re-paving the road and bridge surface.

Sutton Road from Kingsbury Road to Mine Brook will be closed to through traffic with resident only access for a minimum of 2 weeks to allow the contractor to accelerate the work to a point where the bridge can be back open with minimal disruption through the completion of the project.
