Re: Recent Car Breaks

Due to the increase in motor vehicle break-ins, The Webster Police would like to take this opportunity to remind the residents of Webster to secure their vehicles at night and remove any valuables from sight.

Webster, as well as several other surrounding communities has reported similar incidents. In a vast majority of these, the vehicle is left unlocked. As a result it is entered. Many of the items taken are electronics, such as GPS units, loose change, and other small items that can be carried away.

In addition to securing their vehicles, residents are advised to call the police immediately to report anything suspicious.
