**Re: Kidnapping, Unarmed Robbery etc.**

**Date: May 22, 2010**

On May 21, 2010 at 1905 hours, Officer Aaron Suss responded to 73 School Street for an unknown problem. Upon his arrival, an investigation was conducted that showed the victim had been robbed by Jorge Delgado (2/22/68 22 Myrtle Avenue, Webster) and his brother Francisco Delgado (6/12/75, Worcester). The incident originated with the two brothers getting in the van with the victim and demanding a ride to Worcester. The victim drove around before jumping out of the van and then running to his house. The Delgado brothers then drove the van to the house where they then forced their way inside and threatened the victim and his wife (victim #2).

Officer Suss checked the area and spotted Jorge Delgado on Mechanic Street. He began a foot pursuit and was joined by Sergeant Michael Shaw. Delgado jumped several fences and ran through several backyards before being apprehended by Officer Suss and Sergeant Shaw after a struggle. Delgado was charged with the following:  
Kidnapping, Unarmed Robbery, Breaking and Entering in the daytime with the intent to commit a felony, person being placed in fear, resisting arrest, disturbing the peace, and disorderly conduct.

At around 3:15 am Delgado went to Harrington Hospital in Webster. While there he assaulted Officer Bryan Bates and ran from the facility. This resulted in a three hour search utilizing police dogs from Webster and the State Police. Delgado was seen hiding next to house on Myrtle Avenue naked by a passerby, who called police. He was apprehended in the basement of 80 Myrtle Avenue, which is where his sister lives.

He is being charged with escape, assault and battery on a police officer, lewd and lascivious behavior, and disturbing the peace. Officers James Young Sr., Robert Larochelle, and Detective Gordon Wentworth assisted in the arrest and subsequent investigation. Police are still looking for Francisco Delgado. Anyone with any information pertaining to his whereabouts is asked to call the Webster Police Department 508-943-1212.
